<sup>1</sup> Not required by all dental hygiene programs but may be required as a pre-requisite for later science courses.

<sup>2</sup> Some programs require one semester of chemistry while others require two semesters. If only one semester is required, students may be able to pick from CHE 1114 Chemistry Survey or CHE 1214 General Chemistry I. If two semesters are required, students should take CHE 1214 General Chemistry I and CHE 1224 General Chemistry II. Students should check application requirements for specific programs.

<sup>3</sup> Not required for all dental hygiene programs.

<sup>4</sup> Students should choose from PSY 2513 Child Psychology, PSY 2523 Adolescent Psychology, or PSY 2533 Human Growth and Development.
