

Tech Prep
Addendum # 2
July 2, 2008

JONES COUNTY JUNIOR COLLEGE
Career and Technical Education Division
Catalog Addendum
2008-2010

The following paragraph should be removed from page 190 of the catalog. A corrected example is attached. The program affected is Tech Prep.

Tech Prep

The Tech Prep program coordinates the partnership between the junior high school, high school, junior college, and business and industry to provide students with an opportunity to become part of a technically sophisticated workforce. Teachers, counselors, and administrators, as members of the workforce, receive upgrade training and seminars for work skills enhancement. Tech Prep is a concept designed to guarantee that more students will enter the American workplace with an associate degree level of education that they may form a firm academic and technological foundation on which to build their futures. Services are provided to help improve an individual's social, psychological, financial, and educational level. (Refer to Career and Technical Education Support Services).
