

Division of Fine Arts

Dr. Susan Smith, Chairperson, Mr. S. Barr, Dr. M. Boyd, Mr. M. Brown, Ms. M. Eubanks, Ms. K. Guiles, Ms. N. Johnson, Ms. M. Newell, Mr. M. Pickering, Ms. P. Pierce, Mr. M. Rushing, Dr. T. Sanchez, Dr. Mark Taylor

The Division of Fine Arts includes the areas of Art and Music and provides students with two years of preparation for professional performing or teaching careers in one of the many areas of art or music. Opportunities are provided for students from all divisions of the college to participate in numerous art and music organizations.

PRE-BACHELOR OF ART

Art Education, Art History, and Art for Studio Majors

The courses offered in art provide a foundation for visual arts majors who plan to transfer after two years to a senior college or university. The curriculum includes courses leading to the Associate in Arts degree with emphasis in the visual arts and additional courses that offer cultural growth to those living within the college area. The courses are designed to encourage participation of non-art majors. **All art majors must take the foundation courses Design I and II and Drawing I and II during their freshman year, as they are prerequisites to all other visual art courses.** Art majors must take freshmen level courses in sequence in order to receive proper transfer credit. Scholarships are available to freshmen and returning students, are usually awarded based on the quality of the student's portfolio and are decided on an individual basis. Transfer credits to four-year institutions can be based on the quality of student work; therefore, all art majors are required to participate in juries (portfolio review) at the end of each semester. Juries are necessary for art faculty to ensure progress and to advise in the preparation of portfolios.

PRE-BACHELOR OF MUSIC

Music Education, Church Music, Instrumental Majors, Keyboard Majors, and Voice Majors

The music department offers university-parallel courses leading to the Bachelor of Music or Bachelor of Music Education degrees with the following majors: performance, music education, church music, music therapy, or music industry. Students must select an emphasis of either guitar, instrumental, organ, piano, or vocal. Music courses are designed to parallel courses in the music areas of the freshman and sophomore years of any senior college or university and fully prepare students to enter their junior year of study.

Freshmen and transfer students must take a placement examination in music theory and must audition in their applied music major. Based upon the results of the placement examination, students will be placed in either Music Theory I or Fundamentals. Upon successful completion of Fundamentals, the student will be allowed to enroll in the required theory sequence beginning with Theory I. The student’s applied instructor will determine placement based upon the student’s prior study, technical facility, and knowledge of pre-college-level literature. The student may be required to repeat an applied level, or study at a non-major level until sufficient progress has been made to meet minimum requirements for specified learning outcomes.

Music majors are required to enroll in MUS 1911, MUS 1921, MUS 2911, and MUS 2921, participate in a major performance ensemble (band or choir), study piano (class or applied) and take lessons in the major applied area every semester in attendance at Jones County Junior College. Instrumental and Vocal Education majors must take piano as their minor applied music. Piano majors may take either voice or an instrument as the minor applied, but voice is recommended.

Non-music majors are provided the opportunity to pursue an interest in music through individual and group performances, music courses, and private instruction (see laboratory fees). Students seeking admission to performing groups (band, choir, show choir, theater, etc) must audition for membership. Performing groups are open to non-music majors as well as to music majors; service award scholarships are available for qualified participants in band, choir, and theater. Auditions are held throughout the year.

Practice room facilities are provided for those enrolled in applied music courses. Any student enrolled in applied lessons is required to maintain daily practice periods.

Music majors enrolled in applied lessons must perform a jury for all applied faculty. Students who do not perform a jury will receive the grade of “I” or “F. The student may perform a sophomore recital in lieu of the jury requirement for one semester. The recital may only substitute for the jury one time.

Recitals, a major performing group (band or choir), piano, and major applied study are required of all music majors every semester in attendance at JCJC.

Students should consult the catalog of the senior institution for specific admissions procedures and other details concerning the program of study.
