# New Canvas User Interface

## View Account

To view your user information, click the Account link. A menu will expand and display links to access your profile, user settings, notification preferences, personal files, and ePortfolios. You can also use the Account link to log out of Canvas.

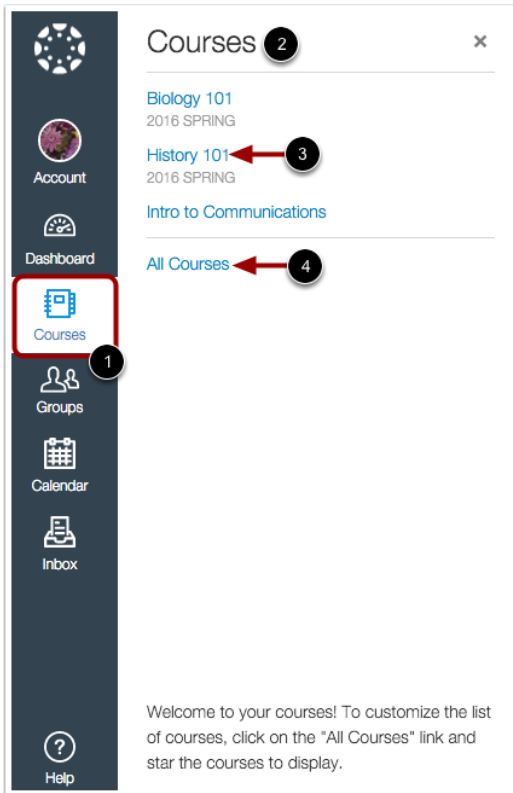

## View Dashboard

The Dashboard is the landing page after a user logs in to Canvas. The Dashboard can be toggled to a course view or recent activity view and shows notifications for all Canvas courses. Learn more about the Dashboard.

## View Courses

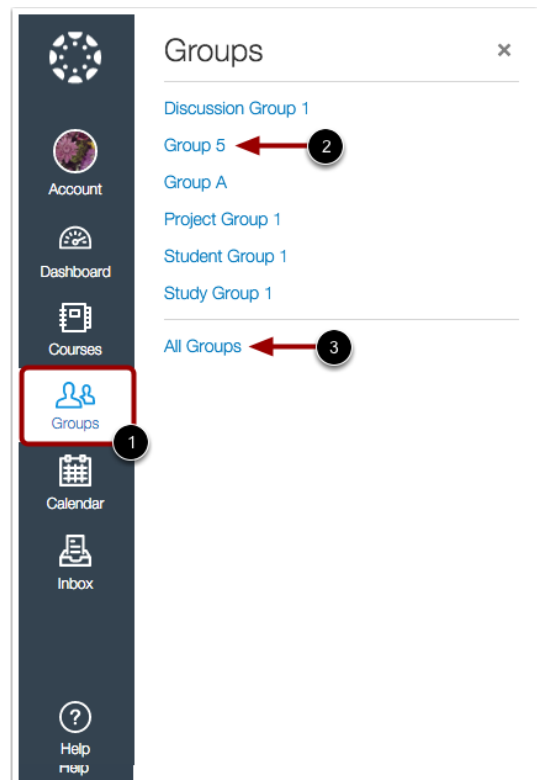

To view your courses, click the **Courses** link [1]. A menu will expand and display any courses where you are enrolled [2]. This menu also displays any courses marked as favorites. If no courses are selected as favorites, the course list will display all current courses. If a course includes term dates, the name of the term will appear as part of the course listing. To view a course, click the name of the course [3]. To customize your courses list or view all your Canvas courses, click the **All Courses** link [4].

## View Groups

If you are enrolled in Groups, view your groups in the **Groups** link [1]. A menu will expand and display all groups where you are enrolled.

To view a group, click the name of the group [2]. To view all your groups, click the **All Groups** link [3].
