GENERAL INFORMATION

Jones has traditionally had residence halls that have been operating since 1927. At this time, space is available for approximately 470 females and 400 males, totaling 870 students in the residence halls.

The residence campus is designed to broaden the educational experience of students. Residence halls provide students an opportunity to meet new friends, become involved in various activities, and learn in a living environment.

Residing in the residence halls carries with it certain responsibilities and obligations. The purpose of this handbook is to acquaint the students with necessary policies and regulations of residence hall life. Students are expected to read this handbook and be knowledgeable of the rules and expectations set by the college.

FACILITIES  There are seven residence halls. All residence halls are air conditioned, have cable television hook-ups, parking, vending machines, and laundry rooms. Each room is furnished; students should bring their own bed linens, pillows and personal items.

ANDERSON HALL  Built in 2011, with phase II completed for fall 2013, Anderson Hall houses 220 females with a combination of four-bed/two bath and six-bed/three bath suites with every room having two beds. The state-of-the-art building features card access to main entrances and suites, and a fire sprinkler system. Common areas on each floor are used to encourage student-centered civic activities.

WAYNE HALL  First occupied in 1977, Wayne Hall houses 252 females. The large lobby is well furnished and contains a T.V. and DVD. There are suites located in Wayne Hall with three bedrooms, two people to each room, sharing two complete bathroom facilities.

SMITH HALL  First occupied in 1988, Smith Hall originally housed females. Beginning in the fall of 2013, Smith Hall became housing for approximately 150 males. A lobby is located on the first floor, and a study room is on the second floor. A T.V. and DVD are available in the lobby. There are suites located in Smith Hall with three bedrooms, two people to each room sharing two complete bathrooms.

COVINGTON, GREENE & JASPER HALLS  These residence halls were constructed in 1976. Each residence hall houses 62 males for a total of 186 students. There are suites located in the residence halls with two males sharing one room, two males sharing another room, and a complete bathroom facility between the two rooms.

CLARKE HALL  This two story building was built in 1995. Approximately 78 students live in this residence hall. There are suites located in the residence halls with two males sharing one room, two males sharing another room, and a complete bathroom facility between the two rooms.

RESIDENCE HALL DIRECTORS The Residence Hall Directors are professional staff members hired by the college. They have apartments located on campus with offices in the area they supervise. They are available to assist students and staff in any area of college life. Student welfare and safety is paramount to the institution; however, the college recognizes and makes known its limitations in obtaining accurate and timely information on the whereabouts of students. The Vice President of Student Affairs shall have the responsibility to make the provisions of this policy and the procedures set forth below available to students.

Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information. If a resident is under 18 years of age, and not an emancipated individual, the custodial parent or guardian must be the contact person.

Students are strictly prohibited from giving their ID card to someone else to gain entry into the residence halls or the cafeteria. If a resident should lose their I.D. card; a new I.D. may be purchased at the Business Office for $25.00 and reprinted in the OneCard Office. A photo ID must be presented to the OneCard office to obtain a new ID.

N. Room Searches
JCJC completely respects the Constitutional rights of all students. Students are protected by the Constitution against unreasonable search and seizure. However, college officials reserve the right to enter and inspect dorm rooms at any time necessary to protect and maintain the school’s property as well as the health and safety of its students. Room inspections may also occur when necessary to aid in the basic responsibility of the college regarding discipline and maintenance of an educational atmosphere. Reasonable effort will be made to notify the resident(s) in advance and to have the resident(s) present at the time of entry. Routine and unannounced maintenance inspections may be conducted by the college without prior notification of the resident.

VII. CAMPUS SEXUAL VIOLENCE ELIMINATION ACT (SaVE Act)

A. Policy Statement
In compliance with federal law, specifically the Clery Act and the Campus Sexual Violence Elimination Act (SaVE Act), Jones County Junior College has adopted policies and procedures to prevent and respond to incidents of sexual assault, domestic violence, dating violence, and stalking. These guidelines apply to all members of the JCJC community (students, faculty, and staff) as well as contractors and visitors.

Jones County Junior College does not tolerate any form of actual or attempted sexual assault, domestic violence, dating violence, or stalking, as defined in this Policy. Such acts of violence are prohibited by policy, as well as state and federal laws. Violation of this policy would cause individuals to be subject to disciplinary actions, regardless of whether the individual is also facing criminal or civil charges in a court of law. More than one disciplinary action may be taken. Disciplinary actions that may be taken include, but are not limited to, admonitions, probation, suspension, dismissal from the college and/or termination from employment. In addition, the college may take protective measures as appropriate, including no-contact orders, trespass notices, or other protective measures. The College will assist the complainant in changing academic, work, transportation or living situations if requested and if reasonably available. Campus Police will enforce court-ordered no-contact, restraining or protective orders to the fullest extent of the law. The Student Affairs Committee may take action they deem appropriate for any violation of college regulations.

Jones County Junior College encourages any member of the JCJC community who has experienced sexual assault, domestic violence, dating violence, or stalking, or knows of another member of the community who has experienced sexual assault, domestic violence, dating violence, or stalking, to report the incident to the college. The incident should be immediately reported to Campus Police (601-477-4006), the Dean of Student Affairs (601-477-4030) or the Title IX Coordinator (601-477-4189). These offices will provide survivors of sexual assault, domestic violence, dating violence, and stalking with information about available support services and resources, and also assist any survivor in notifying law enforcement, including the local police, if the survivor elects to do so.

B. Reporting an Assault
JCJC requires all employees, with the exception of licensed mental health counselors in the Student Success Center, licensed medical professionals in the Campus Clinic, and the college’s Sexual Assault Prevention and Response Advocate, to share with the college’s Title IX Coordinator information they learn concerning a report of sexual assault, or an incident of domestic or dating violence, or stalking, to report the incident to the college. The incident should be immediately reported to Campus Police (601-477-4006), the Dean of Student Affairs (601-477-4030) or the Title IX Coordinator (601-477-4189). These offices will provide survivors of sexual assault, domestic violence, dating violence, and stalking with information about available support services and resources, and also assist any survivor in notifying law enforcement, including the local police, if the survivor elects to do so.
C. Recommended Immediate Action for Victim

1. Seek immediate safety
   Individuals who have been sexually assaulted or who have been the victim of any type of violence should immediately get to a safe place.

2. Seek medical assistance
   JCJC encourages all individuals to seek assistance from a medical provider and/or law enforcement immediately after an incident of sexual assault, domestic violence, dating violence, or stalking. This is the best option to ensure preservation of evidence and to begin a timely investigative and remedial response. The college will help any JCJC community member to get to a safe place and will provide transportation to the hospital, coordination with law enforcement, and information about on- and off-campus resources and options for resolution.

3. Advice on preserving evidence
   The preservation of criminal evidence is essential and time sensitive to the successful prosecution of most sex offenses. As soon as possible, go to a hospital to be examined and treated for any injuries. Physical specimens collected soon after the sexual assault can be valuable evidence. (Avoid showering. If you change your clothes, put them in a paper bag). The JCJC Campus Clinic is not a “forensic evidence collection” site. South Central Regional Medical Center should be contacted for sexual assaults that occur in Jones County.

E. Sexual Misconduct Investigation Team (SMIT)
   Jones County Junior College’s Sexual Misconduct Investigation Team (SMIT) is designed to provide a coordinated, caring and effective team response to survivors of sexual assault, sexual harassment, stalking, and dating or domestic violence. The purpose of the Sexual Misconduct Investigation Team (SMIT) is to assist all JCJC students in the coordination of support and response to incidents of on-or-off-campus interpersonal violence. SART team members can provide a survivor with many supportive options and choices, including counseling, medical attention, judicial services, advocacy, referrals, and general information regarding
interpersonal violence. Should a survivor choose to file a police report, the JCJC Campus Police Department will assist him/her with the reporting process. For information or to report a sexual assault case, students may contact any member of the team.
