

# Powerpoint Templates

## How-To Directions

To download and use the templates:

1. Click on the image of the file you have chosen.
2. Save to your computer.
3. Open file on your computer.
4. Save regularly on your computer as you work on the powerpoint.

**NOTE:** Each template has a title slide and a content slide. Each time you need an additional content slide, right click the slide, and choose duplicate as shown here.
