LIBRARY SCIENCE/MEDIA SPECIALIST -- NOTES:

Students without an adequate high school math background, which includes a minimum of Algebra II, should enroll in a preparatory math course, such as Basic Math, Beginning Algebra or Intermediate Algebra, prior to College Algebra. Preparatory math courses will not transfer to other institutions.

Additionally, students should plan to complete no more than half of the hours required for a bachelor's degree prior to transferring to the senior institution. The student should consult the catalog of the senior institution for specific admissions procedures and other details concerning the program of study.

Four semesters of foreign language are required if the student chooses to receive the degree from the College of Arts and Sciences (USM) rather than education. French (MFL 1113 and MFL 1123) or Spanish (MFL 1213 and MFL 1223) will satisfy the requirement at USM. The student should complete all foreign language requirements on one campus. This CHECK SHEET should be used to keep a careful record of grades for each of the courses and should be presented to the student's advisor for planning the schedule of courses each semester at JCJC.
