The *Campus Update* section of this communication will provide information from departments across the campus community regarding changing operations regarding COVID-19.

College Operations

Jones College will begin the 2020 Fall semester on August 10, 2020. Due to the recent spike in the spread of the COVID-19 virus, the campus has chosen to move our **University Transfer Academic Classes to Online beginning August 10th, 2020 through September 4th, 2020**. Career and Technical Educational (CTE) programs and Professional Health Programs will meet in a small-group format as previously planned. If you are enrolled in a CTE or Professional Health program, your instructors will inform you through Canvas about the times you will meet in your small groups.

If you have any questions about how your class will meet till September 4th, 2020, you can refer to this site to search for your specific course meeting format.
